Dear Paul & Liz,

It's already spring and it feels like only yesterday that we all were toiling in the *extreme* heat of last summer building the Brown's *extreme* family home at 285 Hollister Avenue in Bridgeport, CT!

We at Gulick Associates are grateful for your generous commitment of donated time and services to the Extreme Makeover - Home Edition project. Building an entire house under a 106-hour time constraint and under less than normal conditions - TV cameras, local media, celebrities, VIPs and town officials - is above and beyond a challenge. Please accept our appreciation and express our gratitude to your staff for participating in such a giving, life experience.

Your team work and can-do attitude played a key role in keeping the build's aggressive schedule on track.

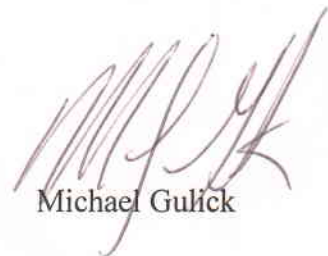

We watched the ABC October 14th airing of our episode with great pride knowing that *Dreamwork Kitchens & Bath*, played a very important part in our ability to successfully complete a beautiful home and turn the keys over to Gloria Brown and her family in the short time allotted to us.

We thank you for contributing to an "Extreme" job well done. It was a pleasure working with you. The experience will be remembered for a long time to come by all who participated in such an incredible project.

Sincerely yours,

Steven Gulick
